We would like to take this opportunity to thank Readymix Concrete (B) Sdn Bhd in giving your full support in terms of service and quality during construction of the above mentioned.

Special thanks go to your team of truck drivers for the concrete delivery during odd time, in the wee hours of the morning. We managed to complete the said project in a tight scheduled of four months.

Once again, thank you for the continuous support and wish we can both be involved in another mega project again.

Your faithfully,

Alex K.C Then  
Managing Director
